PHILOSOPHY

TABPHE-CC believes that human performance, increased productivity, and quality of life are enhanced through the sharing of individual experiences. Higher education personnel are rich in experience, knowledge and skills that play a vital role in helping educational institutions address key goals for achieving success. TABPHE-CC provides a statewide vehicle for a diverse, multicultural workforce to learn, share, direct, lead and influence our educational system and serves as a support network for students of African descent promoting higher education, student enrollment, retention, tutoring and networking through the Village initiative.

OBJECTIVES

- A. To act as an advocate for Blacks in the educational process.
- B. To evaluate, promote and support programs pertinent to Blacks in colleges, universities and communities
- C. To encourage and promote collaboration among Blacks in the educational process.
- D. To assist colleges and universities in the recruitment, placement and retention of Black students, faculty, staff and administrators.
- E. To stimulate interest in and awareness of current issues relevant to Blacks in all aspects of higher education.
- F. To provide a vehicle for disseminating the viewpoints of Blacks regarding education, equal opportunity and affirmative action.
- G. To assist in and be supportive of the development and strengthening of Black student programs at the secondary level.
- H. To cooperate with all institutions of higher education in Texas in pursuit of these objectives.
